In honor of Hispanic Heritage Month, SIAM is recognizing the achievements of Hispanic American mathematicians throughout September and October. Dr. Ricardo Cortez is the Pendergraft William Larkin Duren Professor of Mathematics and Director of the Center for Computational Science at Tulane University. He is a longtime member of SIAM, a SIAM Fellow, and a member of the SIAM Activity Group on Mathematics Education. Dr. Cortez has been a SIAM volunteer for many years, serving on the Fellows Selection Committee, Fellows Canvassing Committee, Diversity Committee, SIAM Review Editorial Board, and SIAM Coordinating Committee for the Joint Mathematics Meeting.
