Testimonios: Stories of Latinx and Hispanic Mathematicians

A co-publication of the AMS and Mathematical Association of America

From the AMS Website:

"Testimonios brings together first-person narratives from the vibrant, diverse, and complex Latinx and Hispanic mathematical community. Starting with childhood and family, the authors recount their own individual stories, highlighting their upbringing, education, and career paths. Their particular stories, told in their own voices, from

their own perspectives, give visibility to some of the experiences of Latinx/Hispanic mathematicians.”
