

# Chemical and Biomolecular Engineering (CBE) Department at Tulane University Current Rates for SAXS and AFM (2025)

SAXS	Per HR
Internal <sup>^*</sup>	\$10.00
External	\$50.00
External For Profit	\$120.00
Operator Fee	\$30.00
AFM	Per HR
Internal! <sup>*</sup>	\$5.00
External	\$42.00
External For Profit	\$100.00
Operator Fee	\$30.00

- New users must register via facility online manager which can be found in the link, <https://www.instrumentschedule.com/fom/welcome?lid=0243>. Please contact Dr. Alexis Blanco (he/him) at [ablanco1@tulane.edu](mailto:ablanco1@tulane.edu) for instructions on registration.
- If training is needed, training is based on operator fee + category fee (external only). Training is broken into multi-session. Please contact Dr. Alexis Blanco for more details on training.
- Sampling done by operator is also the operator fee + category fee. Only applies to non-Tulane.
- Consulting is charged only for written report or special sample preparation.
- **\* Internal Rate will be increased every six months until final competition rate is met.**
- **! Internal Rate will increase on 10/1/25 for AFM and then on 4/1/26.**
- **^ Internal Rate will increase on 1/5/26 for SAXS and then again on 7/1/2026.**
